[Etron Usb 3.0 Extensible Host Controller Driver Download](#)

Hey Poisonsnak, Thank you for posting your feedback, we want to make sure we get the right info including your log files.. I was having issues where once you've safely removed a drive, Windows thinks it's still connected and if you plug it in on the same port it won't work, on a different port it will work but then won't let you safely remove it (it's greyed out in the menu).
